Now Recruiting For Peer Mentorship!

About Youth Transitions Program (YTP)

YTP gives youth in Sarnia and London belonging through one-on-one support and mentorship, and offers workshops to develop the life skills they need to be healthy, stable adults. Using a trauma-informed and strength-based approach, students gain resiliency, cultivate positive mental well-being and gain the capacity to reach their fullest potential.

**We are looking for outgoing people who can be role
model peer mentors.**

- Mentors will have periodically one-on-one meetings with their mentees to discuss things like university application, student life, homework support and community involvement.
- Mentors will generally act in a supportive role to help the youth achieve their goals.
- Mentors will share successes and difficulties and engage in activities that both parties enjoy.
